

My Super Curricular

My Super Curricular offers students a one-stop shop for super curricular provision. The web platform contains a wealth of quality academic resources and recommendations that will allow students to extend their knowledge and nurture their intellectual curiosity. All resources are user-friendly, easy to access, search and save, and are selected by super curricular experts and subject specialists.

Access thousands of book recommendations, online courses, publications, links to useful websites, podcasts, videos, work experiences, competitions, university events and more all in one place.

Universities now see super curricular as a compulsory element of the admissions process. Those actively extending their knowledge stand out amongst other applicants.

Our mission is to make super curricular activities accessible and readily available to all students, giving them a competitive advantage for their university application and plans beyond sixth form.

All students will have their own logins for this fantastic website and can use it to help them achieve and fulfil the criteria of our enrichment pathways.
