

Remote Parents' Evenings

Due to Covid restrictions it has been necessary for the school to adapt the way it manages Parents' Evenings.

The school is working with a company called School Cloud that has developed a software package to allow Parents' Evenings to take place remotely.

For further details of how to use this system please contact the Office Manager, Debbie Smith at the school.

Details of the organisation can be found at

<https://www.schoolcloud.co.uk/about.html>

and their Privacy Notice is available by clicking the following link
