

# Speak

## Bank of England Speaker

Our Sixth Form students who are interested in studying Business and Finance at university will have the opportunity to attend a seminar delivered by a speaker from the Bank of England in the New Year. Our speaker will talk about routes into the Finance and Business world and his experiences of working for such a large and reputable company. He will cover important topics including how to maintain monetary and financial stability.

## The Oddballs Foundation

The OddBalls Foundation was founded in December 2015 to raise awareness of Testicular Cancer. Through the Foundation we hope to make a difference to male health around the world. Oddballs representatives have spoken to our Sixth Form boys about how to spot the signs or testicular cancer.
