

### Enrichment Pathways

You should have decided which enrichment award you are working towards and you should be well on your way with this by now. Two MOOCS need to have been completed before Christmas.

### Uniformd Project

A huge thank you to Beth, Keira, Tilly, Jordan, Ellie and El for their continued hard work with the uniform project. We continue to raise much needed funds and provide our families with high quality, recycled uniforms.

### Medical Society

Our MedSoc members will begin their presentations this week. Topics range from understanding dementia, the function of the pancreas, the use of anti-depressant medication and the process of aging. We look forward to watching these.

### Debating Society

This is still open to new members who wish to join (Chemistry lab during Friday tutorial). Please let Miss Ferraro know if you would like to be added to the DebSoc Google Classroom.

There is an opportunity to represent the school in the Catenian Public Speaking Competition which will take place in February. See Miss Ferraro for more details. Here are the list of topics:

- My biggest concern for the future is...
- Desperate diseases require desperate remedies.
- Do we really live in a civilised society?
- Silence is the virtue of fools.
- Success covers a multitude of blunders
- Emotional well-being, it matters.
- "Kind words can be short and easy to speak but their echoes are truly endless."  
(Mother Teresa).
- Laws are made to be broken.
- Is social media good or bad?
- Are we too late to save the planet?

### Sign Language

Well done to those who are well on their way with completing their qualification. Keep up the work with the online modules. Mrs Siddall is not completely out of action! Sessions are still on during the Wednesday enrichment slot.

### Chess Club

If you are interested in challenging somebody to a competitive chess game on Wednesday afternoon, please let Miss Ferraro know and we can get this organised.

### EPQ Session

There will be an EPQ session on Wednesday 29th November Period 3 in Sixth form Chemistry lab.

### Throw a Sponge at a Teacher

£1 a throw or £2 for three throws. Choose which teacher you would like to throw at on Thursday 30th Nov in the common room! Raising funds for Bolton Hospice and Urban Outreach.

---

### Friday 1st December INSET Day

School is closed – happy day off!

---

### Football

Well done to our footballers on their match last week against Bolton School. Good luck on the next match too.

---

### Grub Tub

There is a grub tub in the common room in support of the Urban Outreach charity. Please donate dry, nonperishable goods to this worthy charity.

---

### Opportunity for Wednesday Afternoon Work Experience

A brilliant work experience opportunity has arisen on a Wednesday afternoon which would involve some sixth form students working alongside elderly people with dementia at the Memory Café run by Bolton Dementia Support at Bar Lane Bowling Club. Please speak with Miss Ferraro or Miss Reid if you are interested in this.
