## BULLETIN WEEK BEGINNING 25TH MARCH

### My Super Curricular

UCAS and universities have recently released information surrounding the importance of super curricular activities for A Level and BTEC students.

'As our admissions decisions are based on academic criteria, we expect to see evidence of students' super-curricular activities and wider engagement with their area(s) of academic interest, such as wider academic reading (e.g. journals, academic magazines); MOOCs and online training courses; Ted Talks and academic podcasts; relevant cultural activities and visits (e.g. trips); and other exploration relevant to the course applied for.'

[Unifrog](#) and [My Super Curricular](#) platform are excellent places to start.

University College Oxford has its own Super-Curricular Website aimed at students like you: [Staircase 12](#)
