11th June 2020

Dear Parents & Carers of Year 7, 8 and 9 students,

I am writing to outline the plan for your child's learning over the coming weeks. Government guidance means that we are not in a position to invite Year 7, 8 or 9 students into school. Therefore, all of this learning will take place online. This means that much of the revised package will remain very similar to the learning that your child is currently doing. However, we have introduced some live online content that will give your child an opportunity to see and hear from their teachers.

Each week, from week commencing Monday 15th June, students will be offered:

- **Live online Q&A support hubs in every subject**
 - Happen on Zoom. Students do not need a Zoom account – they will be able to join each lesson by clicking a hyperlink.
 - Take place at 2pm and 2:30pm every day.
 - One per subject per week.
 - A chance to ask any questions about learning, receive precise guidance and benefit from some teacher feedback.
 - Students need to submit any questions that they have about the set learning in advance of the Q&A support hub

- **Directed digital learning in all subjects – this is a continuation of the learning that students are doing already.**
 - Set on Show My Homework each Sunday. Materials mostly accessed on Google Classroom.
 - 1 x narrated virtual lesson.
 - In addition to the narrated virtual lesson, class teachers will also set some directed digital learning for students to complete independently.

Full details of this learning offer are in the attached student learning guide. Please take time to read through this with your child.

At this stage there remains no published guidance for schools that pertains to September and so I am unable to answer any questions about this but please rest assured that as soon as this becomes available, we will respond and communicate with you.

We continue to look forward to welcoming your child back to school.

Yours sincerely

Mrs. A O'Callaghan
Headteacher
